ABOUT ME

Detail-focused and motivated Computer Science graduate with programming, Mobile app development, and problem-solving skills solidly grounded. Enthusiastic about the development of practical applications and learning new technologies continuously. Looking for an internship position in the IT sector to share technical expertise and gain practical experience in a working setup.

PROJECTS

Career Clarity Companion (C CUBE)

Built Using - Flutter , FireBase and Restfull API

- Engineered a cross-platform mobile app using Flutter for the front-end and Firebase (Cloud Firestore, Authentication) for the back-end and database.
- Integrated Google's Gemini API to create an intelligent AI engine that delivers personalized career path suggestions and resolves user queries.

PayrollPro — Enterprise Payroll Management System

Built Using -MERN / Full Stack Web App

- Automated salary processing and bulk employee onboarding
- Super admin dashboard with payroll analytics
- PF & ESI compliance automation
- Secure employee portal with payslip access
- Multi-role authentication and encrypted data handling

WORK EXPERIENCE

MERN Stack Dev Intern | Naan Mudhalvan x IBM Jan 2026 – Feb 2026

- Engineered PayrollPro using MongoDB, Express, React, and Node.js to automate salary processing, compliance, and bulk onboarding.

Front End Web Development Intern | Edunet Foundation (In collaboration with AICTE & IBM) Aug 2025 – Sept 2025

- Built a Dynamic Weather Dashboard utilizing HTML, CSS, and vanilla JavaScript to parse real-time global weather data via an external REST API.

MERN Full Stack Intern | Altruisty Innovation Pvt Ltd Jan 2026 – Jan 2026

- Designed and developed an Enterprise Resource Planning (ERP) platform using MongoDB, Express, React, and Node.js to streamline organizational data workflows.

ACHEIVEMENTS

2nd Runner-Up (3rd Place) | impact-a-thon X AMS'25

- Awarded for the conceptualization, development, and presentation of the "Career Clarity Companion (C^3)" mobile application.
- The project was recognized from a competitive field for its innovative use of an AI engine to provide personalized career guidance and for its polished user experience built with Flutter.
